Welcome back, Bobcats! A new semester is underway - let's make it a fantastic one!

A Message from the Dean

Dear colleagues,

I hope your new semester is off to a great start. We saw some winter weather briefly in recent weeks – here's hoping it continues to pick up!

As you may know, Founders Day is around the corner. On Feb. 16, MSU will recognize 133 years since its establishment. On Feb. 17, we will celebrate the Founders Day Award winners, including two of our own faculty. Tony Hartshorn received the Excellence in Open Education Award, and Will Wetzel received the James and Mary Ross Provost's Award for Excellence. Please join me in congratulating Tony and Will for these well-deserved recognitions!

We will also have several students recognized on Tuesday, Feb. 17. I am proud of the outstanding students we have in the College of Ag, and I am thrilled to congratulate this year's winners, along with their faculty mentors. Faculty and staff play a critical role in students' achievements and success. We are so proud of all your hard work and your positive impacts on our community!

Yours in service,

Sreekala Bajwa
VP, Dean and Director

College of Ag in the News

APLU announces 2026 board of directors
(including our very own VP and Dean Sreekala Bajwa!)

Tony Hartshorn receives Excellence in Open Education Award

Will Wetzel receives James & Mary Ross Provost's Award for Excellence

Integrated Weed Management on the COA YouTube (created by doctoral students Sophie Lattes and Emma Kubinski)

Clinton native Caitlyn Franke awarded \$2,000 MVMA scholarship (from MVMA)

Q&A with pre-veterinary scholarship recipient Matthew Orvis (from MVMA)

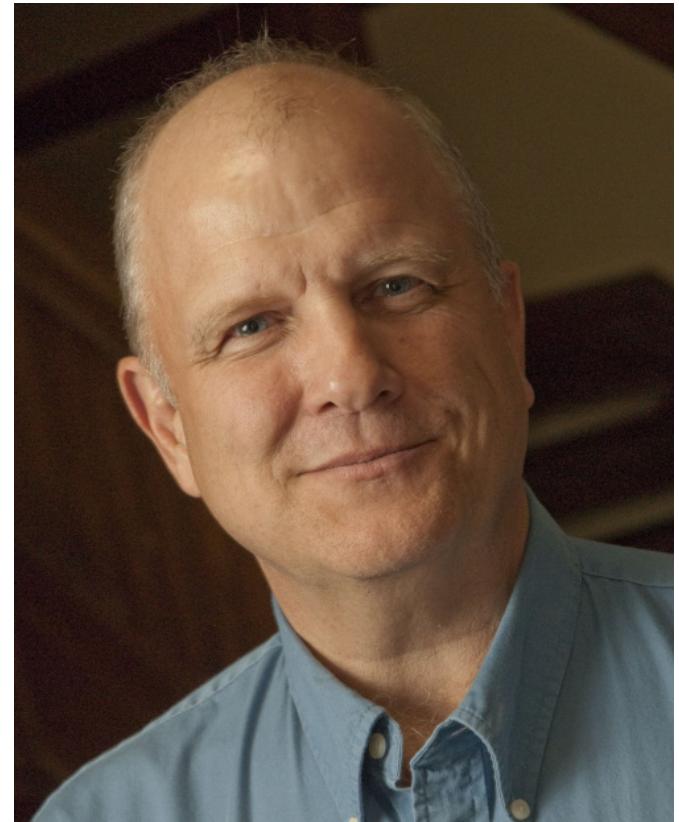

Faculty of the Month

The February Faculty of the Month is **Dr. Joe Atwood of the Department of Agricultural Economics and Economics!**

Dr. Atwood received a number of nominations from students. Comments included:

- "Teaches the most applicable class in the college of ag"
- "Cares more about his students than any other professor I've had"
- "Joe is the most caring professor who takes time out of his day to meet with students who have questions about anything, from class to life and grad school. I feel Dr. Atwood's class is one everyone should take in order to save, buy a house, retire and more."

Congratulations, Dr. Atwood!

Accomplishments and Highlights

We have several new faces to recognize in the College of Ag!

- The Department of Animal & Range Sciences welcomes a familiar face, **Dr. Noah Davis**, as assistant professor of grazing ecology and management.
- In Conrad, the Western Triangle Ag Research Center welcomes **Dr. John Cardoso**, assistant professor of agronomy!
- The Plant Growth Center has a new manager! Welcome to Connor Schmitz - be sure to stop by the PGC and say hello.
- **Dr. Shivali Banerjee** joins the Department of Land Resources and Environmental Sciences as an assistant professor in agricultural engineering and bioeconomies.

Wishing a very warm welcome to all our new colleagues. We are so glad you're here!

Reminder: Please continue to submit impact statements for your research projects! These short summaries help to reinforce the importance of agricultural sciences to governmental and funding agencies. Submission takes five minutes, and you can complete it by scanning the QR code or [visiting this webpage](#).

Recent and Upcoming Events

In partnership with the Center for Faculty Excellence, the Registrar's office is holding a luncheon for new faculty on **Friday, Feb. 27 at 12 p.m.** to learn about the Registrar's services. Topics will include essential systems regularly used by faculty such as NavMSU and DegreeWorks. [Learn more and register here.](#)

Towne's Harvest **CSA shares** are available for 2026! Learn more below and grab your share [on the THG website](#).

CSA Shares Now Available!

TOWNE'S HARVEST GARDEN

CSA Shares Now Available!

Fresh • Local • Certified Organic

18 week subscription of veggies

10-12 types of veggies in each box

Unique veggies not found in stores

Supports sustainable AG education

Jun 10-Oct 14

Reg share: \$650

Student rate: \$540

Over a \$35 value each week

Funding Opportunities

- **Western SARE** has two grant opportunities open: the Sabbatical Research and Education program and Graduate Student Research and Education program. The deadline for both programs is **March 6, 2026**. Please check the Western SARE website for full details. If planning to submit a proposal, PIs should notify the OSP Research Administrator for Western SARE, Jennifer Nesbitt. For general inquiries, please email wsare@montana.edu.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.
